■How to submit a post-lottery application■

Post-lottery applications are processed on a first-come, first-served basis.
Important: If you register during the additional registration period for a course that does not allow duplicate enrollment, and you have already been selected for the same course in both the 3rd and 4th terms, your registration for the 4th-term course will be canceled after the 3rd-term grades are released and you earn credit for the course. In such cases, the 4th-term registration status will be changed to "既修得エラー(You have already earned credits for this course)" and the registration will be invalidated.
Example: If you have already been selected for "Seminar of Sport Performance" in the 3rd term and then register for the same course in the 4th term during the additional registration period, once you earn credit for the 3rd-term course, your 4th-term registration will be marked as "既修得エラー" and canceled. As a result, you will not be able to take the course.
