Solicitation for parallel exhibitions, advertisement and monetary contribution (co-sponsor)

The 4th International Symposium on Microwave/Terahertz Science and Applications (MTSA 2017) will be held at Okayama Convention Center, Okayama, Japan, during 19 November (Sunday) to 23 November (Thursday) in 2017. This symposium provides a forum for the exchange of information on the basic science, technology, and applications in microwave to terahertz wave region. In addition to covering all aspects of science and technology in this frequency range, the symposium will also encourage the combination with the industrial applications.

This symposium will also place special emphasis on international exchanges for students and young researchers in this highly interdisciplinary fields. Invited talks on current status and future prospects by leading researchers will be given as well as some contributed oral presentations.

In order to hold this symposium and to ensure the success of it, we are seeking contributions to help defray the costs associated with the symposium.

We are soliciting parallel exhibitions, advertisement and monetary contribution (co-sponsor).

MTSA2017 is depending on your assistance and generosity.

Please fill out the application to pledge your support.

We thank you for your time and consideration.

Regards,

MTSA2017 Committee
