

**The flow from making a reservation to vaccination day  
(For those who are registered residents outside of Okayama prefecture)**

Make a reservation for first dose via reservation system

You will receive an email attached an application form (excel file).  
(The application form is needed to prepare a medical history at Okayama University Hospital.)

Please fill out the application form and return it. Also, please tell them whether you would like to use a shuttle bus or not in that email.

Please apply for “vaccination at prefecture other than prefecture that is registered your residence” to the municipal office that your residence is registered.

(Procedures or reimbursement amount is vary depending on municipality. It may take more than 2 weeks to complete the procedures. Please contact your municipal office as soon as possible.)

On the vaccination day,  
Bring the following and go to the Okayama University Hospital General Triage Station.

1. Japanese Insurance Card
2. Information mail of HPV vaccination from municipal office (If you received)
3. Your vaccination history

Those who applied to use the shuttle bus should gather in front of the Health Service Center on Tsushima campus 30 minutes before the reserved time.

Get vaccinated

Please pay a fee at Okayama University Hospital.

(They can accept cash and credit card.  
Bank transfer is also available but it will take about 1 month to get a receipt.)

You can use shuttle bus to the Health Service Center on Tsushima campus.

Take procedures such as applying for reimbursement at municipality office that your residence is registered.
